Starmaker

You ain't got the heart
To break me in two,
You ain't got the soul
To run it like I do,
You ain't got the will
Now the toll is over due,
I'm talking to you
Hey, I'm talking to you
Yeah
I'm so high, calling
Make me a star
Starmaker
Cause you've always been a giver
Not a taker
But in our hearts
The stars break us
And they never let you go
Even when you leave your mark
Starmaker
Oh god they don't know, I know I'm bleeding
Don't sell me the dream cause you I just don't need it
I've lost it all
Fall right back again
I owe it all to you
I owe it all to you
I'm so high, calling calling
Make me a star
Starmaker
Cause you've always been a giver
Not a taker
But in our hearts
The stars break us
And they never let you go
Even when you leave your mark
Starmaker
guitar solo
I'm so high, calling, calling
Make me a star
Starmaker
Cause you've always been a giver
Not a taker
But in our hearts
The stars break us
And they'll never let you go
Starmaker
Make me a star
Starmaker
Cause you've always been a giver
Not a taker
But in our hearts
The stars break us
And they'll never let you go
Even when you make your mark
Starmaker
Starmaker
Star, starmaker
Starmaker
