

Deja Vu

Lastlings

Recollection
I've been here before
Can't remember
It's not right
The situation
Is it a glitch in time?
Can't remember
It's not right

Ooh-ooh, ooh-ooh
I keep going
I keep going through
Ooh-ooh, ooh-ooh
I keep going
I keep going through

Deja vu
It's holding me down
But I'll come around
Deja vu
It's holding me down
I keep going through
Deja vu

I don't recognise these people
I can't handle all these faces
I'm in different seasons
Can you give me a reason
I'm so stuck on all these measures
But this is not forever
I keep going
I keep going through

Ooh-ooh, ooh-ooh
I keep going
I keep going through
Ooh-ooh, ooh-ooh
I keep going
I keep going through

Deja vu
It's holding me down
But I'll come around
Deja vu
It's holding me down
I keep going through
Deja vu
It's holding me down
But I'll come around
Deja vu
It's holding me down
I keep going through
Deja vu

So stuck on all these measures
But I know it's never gonna last forever
So stuck on all these measures

But I know it's never gonna last forever
So stuck on all these measures
But I know it's never gonna last forever
So stuck on all these measures
But I know it's never gonna last forever
(Deja vu)
So stuck on all these measures
But I know it's never gonna last forever
(It's holding me down)
(But I'll come around)
(Deja vu)
So stuck on all these measures
But I know it's never gonna last forever
(It's holding me down)
(I keep going through)

(Deja vu)
(So stuck on all these measures)
(But I know it's never gonna last forever)
It's holding me down
But I'll come around
(Deja vu)
(So stuck on all these measures)
(But I know it's never gonna last forever)
It's holding me down
I keep going through
Deja vu
(So stuck on all these measures)
(But I know it's never gonna last forever)
(So stuck on all these measures)
(But I know it's never gonna last forever)
Deja vu
(So stuck on all these measures)
(But I know it's never gonna last forever)
