

# False Reactions

## Lastlings

I can't escape  
I'm moving in circles  
And I'm foolish  
I'm lost in these eyes (Oh, oh, oh)  
And all the wires are settin' off  
Tearin' these walls  
It won't be forever

False reactions, false reactions  
Carry me down, carry me down

Bodies form by mountains  
And they're blooming like the shapes within (Mm-mm-mm)  
And oh, how I'd watch the fires burn bright  
Reachin' the shore, it's hard to ignite

A part of you  
Is bringin' out something in me  
It's all for you so, please  
Stay a while with me

False reactions, false reactions  
Carry me down, carry me down  
We're all in action, all in action  
Carry me down, carry me down

'Cause here we are again  
Here we are again  
Here we are again  
Can we all forget?  
Can we all forget?  
Can we all forget?  
'Cause here we are again  
Here we are again  
Here we are again  
Can we all forget?  
Can we all forget?  
Can we all forget?

A part of you  
Is bringin' out something in me  
It's all for you so, please  
Stay a while with me  
A part of you  
Is bringin' out something in me  
It's all for you so, please  
Stay a while with me  
Stay a while with me  
Stay a while with me  
Stay a while with me  
Stay a while with me

False reactions, false reactions  
Carry me down, carry me down  
We're all in action, all in action  
Carry me down, carry me down  
False reactions, false reactions

Carry me down, carry me down  
We're all in action, all in action  
Carry me down, carry me down

Ooh, ooh  
Ooh, ooh  
Ooh, ooh  
Ooh, ooh
