

Insane

Lastlings

Only I'm insane
You don't even know my name
I know that you will
I know that you will
Only I'm insane
You don't even know my name
I know that you will
I know that you will

I've been hoping, I've been hoping for
I've been hoping for your love
Got me feeling, got me feeling
Got me feeling

You ready, you ready to go?
You ready?
Well I'm not sure
You ready, you ready to go?
You ready?
Well I'm not sure

Only I'm insane
You don't even know my name
I know that you will
I know that you will
Only I'm insane
You don't even know my name
I know that you will
I know that you will

You ready, you ready to go?
You ready?
Oh, no, you're insane
You don't even know my name
Oh, you're insane
You don't even know my name

Only I'm insane?
You don't even know my name
I know that you will
I know that you will
Only I'm insane?
You don't even know my name
I know that you will
I know that you will
