

# Stranger

Lastlings

How can you explain?  
How can you explain?  
How I'm feeling  
Will it ever change?  
Will it ever change?  
What I'm saying  
Center me in space  
Watch me from this place  
Will it ever change?  
Will it ever change?

It's potent  
I won't let you know when I don't know  
These feelings that grow  
When I'm all alone feeling so low  
I feel so numb and I  
See the colors drain outside

Bring me up  
But only let me fall  
Further  
Too far out to hear me call  
And I wonder  
If you've heard it all before  
Heard it all before  
Let wonder take you over

Don't touch me, I'm a fire  
Can't please my desire  
I'm just a stranger to you

Don't touch me, I'm a fire  
Can't please my desire  
I'm just a stranger to you

I'm just a stranger to you  
Take you over  
Take you over

You fooled me  
I'm lost my own thoughts  
Backwards  
Always falling to the start  
And I wonder if you've heard it all before  
You know me  
You showed me what you want  
But I can see what you really need  
Thinking what did we ever really see

Falling under, taking over  
Falling under, take you over  
Take you over  
Take you over

Just wanna be the same  
Don't make me want to change  
And now we're losing focus

But I could see it all  
I'll push it right back again  
I can tell how this all ends  
I can tell how this all ends
