

## Backseat Smile

late night drive home

There's one moment, when you know you're not a sad story. you are alive. you stand up and see the lights on the buildings and everything that makes you wonder, and you're listening to that song on that drive with the people you love most in this world. and in this moment, I swear

And her I thought that I was going to waste  
Everyone's fighting and there's no escape  
You lay your head on my chest  
And then you smile

Now these will all be stories someday

Now in the backseat chilling by the park  
And you tell me you love me  
And look at that smile  
You are lovely just the way you are  
Look at those stars, look at those stars  
Baby I just wanna run away with you  
[?] away with you  
Baby I just wanna run away with you  
[?] away with you

Oh, the backseat smile is what I like to see  
Now my dreams are made up of my fantasies  
And then you took me away  
Swept me off of my feet  
There's no need to rush  
We've got the time that we need  
Oh, the backseat smile is what I like to see  
Now my dreams are made up of my fantasies  
And then you took me away  
Swept me off of my feet  
There's no need to rush  
We've got the time that we need
