

dance with me

late night drive home

All I need is my new tune
Come dance with me in this boiling pot

Help me, help me
Don't talk, just listen on my boiling thoughts
Help me, help me
Don't talk, I promise I'll make you whole

Help me, help me
Don't talk, just listen on my boiling thoughts
Help me, help me
Don't talk, I promise I'll make you whole

Dance with me, tonight
You're the moon of all my darkest times
Dance with me, we could be
The sweetest thing they've ever seen
