## late night drive home

As I watch my life online  
I think it's a sign of the times  
I was trying hard to find  
Someone who I could confine in

Loving is a drug  
It's so hard to get enough  
Constantly remind me  
It's just sweet it's just sweet

I am both present and non existent  
Everyday I get less and less sleep everyday  
Everyday I keep hearing fuck me and it's hard to complain

Breath through me  
Sweet nothings  
You'll speak my favorite categories

Oh darling  
You're calling to me I'm weak

As I watch them fuck online  
I promise it's my last time  
On this fucked up twisted website  
Never mind I think I just told a lie

Loving is a drug  
It's so hard to get enough  
Constantly remind me  
It's just sweetly

I mean it's just porn  
What more could it do to my brain  
It's just  
It's just porn  
What more could it do to me

Breath through me  
Sweet nothings  
You'll speak my favorite categories  
Oh darling  
You're calling to me  
I'm weak

Everyday I get less and less sleep everyday  
I keep the key in my back stockings

You're running upon me everyday  
You're running upon me everyday  
You're running upon me everyday

(As I watch my life online...)

As I watch my life online  
As I watch my life online  
I love her I barely know her  
Short tempered but she'd never say

I don't know her but I love her  
The things she read online today  
I love her I barely know her  
You fucking creep  
I don't know her but I love her  
You ugly thing  
I love her I barely know her  
How could you  
I don't know her but I love her  
Be so mean  
I love her I barely know her  
I love her I barely know her  
I don't know her but I love her
