

# Haunted

Laufey

One more kiss  
Wine-stained lips  
I don't want to go to sleep yet

Pale moonlight  
Misty eyes  
I'll allow myself to have him just tonight

I hold on to every ounce of sin  
I know he don't love me quite like I love him  
I swear to myself as he leaves at dawn  
This will end  
'Til he haunts me again

Rose perfume  
Low-lit room  
I'll pretend you'll stay forever

Lay me down  
Ghostly sounds  
Haunt the hallways as he wraps me around

And I hold on to every ounce of sin  
I know he don't love me quite like I love him  
I swear to myself as he leaves at dawn  
This will end  
'Til he haunts me again
