

## Dancing On The Ceiling

LAUNDRY DAY

Put on your fancy dress  
Let's take a picture outside your house  
With your moms iPhone 5c  
The limos 'round the block  
Corsage was thirty bucks  
I made from working at Mickey D's

Baby, you look so fine tonight  
I think wanna make you mine tonight

It's prom night, it's prom night in our minds  
It's prom night, it's prom night you and I

I kiss you on the cheek  
Your hand is holding mine  
As we walk through those wooden doors  
The lights are dimmer real low  
We're dancing slowly now  
To some songs from 2004

Our favorite songs on  
And I spin you 'round  
Baby I think that I love you now

It's prom night, it's prom night in our minds  
It's prom night, it's prom night you and I  
It's prom night, it's prom night in our minds  
It's prom night, it's prom night you and I

And we're looking ahead  
Cause at this point, there's nothing better to talk of  
We're walking home  
And I'm holding you hand  
Or I'm dreaming of all this  
Maybe I'm crazy  
Let's take this slow

Cause this could be it for us  
This could be it for us  
This could be it for us

It's prom night  
Uhhhh
