

## FRIENDS

## LAUNDRY DAY

I took a ride to my place on the West End  
So I could think 'bout the life I was living  
So I could think 'bout the days where I couldn't want more than just happiness

Remember being that kid on the first day  
That always hated that it was the first day  
But that's the day that we met  
And it's kinda crazy how quickly we made amends

Cause we got so caught up  
And we kept having fun  
And we kept growing up and I'll say  
You made me who I am

Remember taking a drive to the mountains  
Remember singing the stupidest songs and  
Remember dancing around the apartment laughing cause I couldn't dance a bit

But we'd dance all night long  
We'd dance all night long, my friend  
Guess we ran out of songs  
Boy, I haven't seen you in a bit

But we gon' be alright  
(We gon' be alright)  
We gon' be alright  
(We gon' be alright)  
We gon' be alright  
(We gon' be alright)  
We gon' be alright  
(We gon' be alright)

Name a time and place we'll be fine  
Name a time and place we'll be fine  
Name a time and place we'll be fine

We got so caught up, we got so caught up, we got so caught up  
(Name a time and place we'll be fine)  
We got so caught up, we got so caught up, we got so caught up  
(Name a time and place we'll be fine)  
We got so caught up, we got so caught up, we got so caught up  
(Name a time and place we'll be fine)  
We got so caught up, we got so caught up, we got so caught up  
(Name a time and place we'll be fine)

Cause I know you  
Cause I know you  
Cause I know you  
Name a time and place we'll be fine  
Cause I know you  
Cause I know you  
Cause I know you  
Name a time and place we'll be fi-
