

Please forget my number
I don't want to hear from you no more
I'm gon dance til morning
I'm gon wake up passed out on this floor
It's a little hard for me to be loud
But imma take a risk, step into this big crowd
I found this sweatshirt in the lost and found
Harvard on my chest as I bounce around

We just ants to this big foot world
But I won't answer to anyone
If they gon' step, I'm sure they gon run
And if they swing left we gon still go up and
No more complaining, cause look we made this year
Can't you just face it?
We outta the basement, clear?
Pass me the surfboard, pass me the blimp
Pass me the Grammy, pass me the globe
Pass me the Oscar and then some more Grammy's, ight?

You said I changed, ok
I say I've this way but now you're listening
I know you turned away
But now we all on in your face
Go bump this with ya mom

Please forget my number
I don't want to hear from you no more
I woke up at sundown
How'd I end up right outside your door?
It's a little hard for me to be loud
But imma take a risk, step into this big crowd
I break all these walls when I hit the ground
Harvard on my chest as I bounce around

Feel like Danny from Grease how I'm dirty dancin
Stayin on my feet so I can move us into a mansion
I came from the heat so I don't know about fans
But if these people gonna scream my name
I can get used to that

You say I changed, ok
We play the same games all day
You can come through with whoever you came with
But we're flyin to Mars and there's no more room on the spaceship, uh

If you let me move maybe I won't break the rules this often
I'll jump off the roof if you ever treat me like your puppet

Cause if you make it hard for me to speak out
I might take a risk and scream at this town
I might jump up til I don't come down
Bang all on my chest like I'm, like I'm

Please forget my number
I don't want to hear from you no more
I'm gon dance til morning

I'm gon wake up passed out on this floor
It's a little hard for me to be loud
But imma take a risk, step into this big crowd
I found this sweatshirt in the lost and found
Harvard on my chest as I bounce around

If you let me move maybe I won't break the rules this often (like I'm, like I'm)
I'll jump off the roof if you ever treat me like your puppet
If you let me move maybe I won't break the rules this often (like I'm, like I'm)
I'll jump off the roof if you ever treat me like your puppet (harvard on my chest as I bounce around)
