## LAUNDRY DAY

When I was a child  
I went to a place  
Where all of the girls  
Ran me wild every day  
But when she came around  
Tried to talk to her face  
But I was too nervous  
But she loved me anyway

I know that you're gone  
But I need you girl  
I miss you so much  
I know you're all the way cross the pond  
But I need you girl  
I miss you so much  
Uh-oh-oh-oh

When I was child  
I left from the place  
But we vowed and promised  
That we'd talk on every day  
And then came the time  
We came face to face  
Then we said goodbye  
And my mom drove me away

I know that you're gone  
But I need you girl  
I miss you so much  
I know you're all the way cross the pond  
But I need you girl  
I miss you so much  
Uh-oh

Ah  
Ah-ah  
Oh-oh  
Oh-oh  
Oh-ah  
Ah-ah  
Oh-oh  
Oh-oh

When I was a child  
I learned from mistakes  
And I vowed a promised  
That the distance was a waste  
Then I met a girl  
And she changed my ways  
I think that I love her  
But I miss her everyday

I know that you're gone  
But I need you girl  
I miss you so much  
I know you're all the way cross the pond  
But I need you girl

I miss you so much

Uh-oh

I know that you're gone (I know that you're gone)

But I need you girl

I miss you so much (I miss you so much)

I know you're all the way cross the pond (I know you're all the way cross the pond)

But I need you girl

I miss you so much (I miss you so much)

Uh-oh

I miss you so much (I miss you so much)

I miss you so much (I miss you so much)

I miss you so much (I miss you so much)

I miss you so much (I miss you so much)

Oh-ah
