

## KARAT

## LAUNDRY DAY

I'd rather leave this apartment  
Then deal with this nonsense  
You think that I started  
It's making me nauseous  
It's hard to keep jumpin' around by yourself  
Can't you just see this is how I have felt?  
Can't you just see I have kept to myself?  
Can't you just hear how the strings start to swell  
Every time I get home to this mess  
Yes

I just wanna shine  
I just wanna shine  
I just wan' feel like a diamond  
I just wan' feel like a dime  
I just wan' feel like a dime  
I can't read between your lines  
I can't sit on my hands, I'm sorry  
Don't blink, don't blink  
Enjoy the party, enjoy the party  
Shine, shine, shine  
Sun, sunshine  
I just wanna shine  
I just wanna shine  
I just wanna shine  
I just wanna shine  
I just wanna shine  
I just wanna shine  
I just wanna shine  
I just wanna shine

Dressing up to your nine's, ain't no time to front (Ain't no time to front,  
front)  
Eyes welling up, you don't tell me what you want (You don't tell me what you  
want)  
It's mutual, it just ain't fruitful, it's on the fritz (It's on the fritz)  
I got caught up in the glitz, to passive to see what this is (To passive to  
see what this is)  
Too passive to see what this is  
How could I miss what this is?  
Teary eyes as it hits  
Smokey eyes for the pics  
Throw it out to the kids  
They cannot see what this is  
They cannot see what this did  
Blackberry broke, it fell on the steps  
But I'm still caught up in the glitch, uh

Caught up in the glitch and I (Caught up in the glitch tonight)  
Caught up in the glitch and I (Caught up in the glitch tonight)  
Caught up in the glitch and I (Caught up in the glitch tonight)  
Caught up in the glitch and I (Caught up in the glitch tonight)  
Caught up in the glitch and I (Caught up in the glitch tonight)  
Caught up in the glitch and I (Caught up in the glitch tonight)

Oh, who can I run to? (Who can I run to?)  
To share this empty space, tell me

Who can I run to? (Who can I run to?)  
To share this empty space, tell me  
Who can I run to? (Who can I run to?)  
To share this empty space, tell me  
Who can I run to? (I just wanna shine)  
Who can I run to? (I just wanna shine)  
To share this empty space (I just wan' feel like a diamond)  
(I just wan' feel like a dime) Tell me (I just wan' feel like a dime)  
(I can't read between you're lines) Who can I run to? (I can't sit on my hands, I'm sorry)  
(Don't blink, don't blink) Who can I run to? (Enjoy the party, enjoy the party)  
(Shine, shine, shine) To share this empty space, tell me (Sun, sunshine)  
I just wanna shine (I just wanna shine)  
I just wanna shine  
I just wanna shine (I just wanna shine)  
I just wanna shine  
I just wanna shine (I just wanna shine)  
I just wanna shine  
I just wanna shine (I just wanna shine)  
I just wanna shine  
I can't read between your lines  
I can't sit on my hands, I'm sorry  
Don't blink, don't blink  
Enjoy the party, enjoy the party  
Shine, shine, shine  
Sun, sunshine  
I just wanna shine  
I just wanna shine  
I just wanna shine  
I just wanna shine  
Sun, sunshine
