LAUNDRY DAY

Bring me to the water
Show me all I've done
Hold me to some standards
In this world undone
I see you standing from afar
Staring out on the lake
Ask you for forgiveness
Singing boy it's too late

Oh-Oh-Oh-Oh-Ohhh
Oh-Oh-Oh-Oh-Ohhh
So-o-o-o-o
I know, Oh
Yeah, yeah, yeah

Far from where I came from
Traveled cross the sea
But all I ever wanted
Is for you to be with me
Cause I saw you on that summer day
Talking with another man
So how hard could it be
Just to hold your hand
Yeah

If you wanna give me love I could give you love, I could give you love baby
If you wanna give me love I could give you love, I could give you love baby
If you wanna give me love I could give you love, I could give you love baby

Stranded in the ocean
Just like way back when
How long is forever
If not today, then when?
