

NO GO

LAUNDRY DAY

If you walked into a party with everyone you've known
Who would you go up to first?
And if you think of being naughty with anyone, just don't
You know you someone's gonna get hurt

I heard she's a no go
Cold blooded killer, and she really wants lip filler
And she got gum in her pocket that she's ready to blow
I heard he's an asshole
Went to Party City and he got her something pretty
And he's gonna tell her something that you already know

And it goes like

Don't ask no questions
I'm busy guessing your goal
I want it, I can't have it though
I'm under pressure
Cause you wanna get me alone
Still thinkin' bout what I shouldn't though

New year, same me
Party goes crazy
Kissin' my lady
Someone call a train
I think it might be time to go home
They say that nothing good happens after 2AM
I think I heard that from Ted's mom

I heard she's a no go
She's a cold blooded killer, and she really wants lip filler
And she got gum in her pocket that she's ready to blow
I heard he's an asshole
And he went to Party City and he got her something pretty
And he's gonna tell her something that you already know

And it goes like

Don't ask no questions
I'm busy guessing your goal
I want it, I can't have it though
I'm under pressure
Cause you wanna get me alone
Still thinkin' bout what I shouldn't though
Baby you're the life of the party
The life of the party
The life of the party
Baby you're the life of the party
The life of the party
The life of the party
Baby you're the life of the party
The life of the party
The life of the party
Baby you're the life of the party
The life of the party
The life of the party

I heard she's a no go
She's a cold blooded killer, and she really wants lip filler
And she got gum in her pocket that she's ready to blow
I heard he's an asshole
And he went to Party City and he got her something pretty

Don't ask no questions
I'm busy guessing your goal
(She's a no go, she's a no go)
I want it, I can't have it though
I'm under pressure
Cause you wanna get me alone
(She's a no go, she's a no go)
Still thinkin' bout what I shouldn't though
