

## Push On Thru

### LAUNDRY DAY

Smile  
Though your head hangs low  
You got eyes in your skull, don't you?  
Time  
Thought it may pass slow  
There are things you now know are true

And oh  
You can't just ambush me when you wanna  
Yeah I got to be free like I told ya

And oh  
On my best behavior  
Tryin' all these things to push on through  
Oh  
On my best behavior  
What else on this Earth could I do?  
To get to you

Smile  
You're my cheerleader  
Even time gets tough for you  
Try  
It'll be enough  
When you see what love will do (What love will do)

Oh  
You can't just ambush me when you wanna  
You have got to be free like I told ya  
You can't just stand with me in the corner  
You have got to be free

And oh  
On my best behavior  
Tryin' all these things to push on through  
Oh  
On my best behavior  
What else on this Earth could I do?  
To get to you

Da-da-da-da-da-da-da-da-da-da  
Da-da-da-da-da-da-da  
Da-da-da-da-da-da-da-da-da-da-da  
Da-da-da-da-da-da-da

And oh  
You can't just ambush me when you wanna  
Yeah I got to be free like I told ya  
You can't just stand with me in the corner  
Yeah I got to be free

And oh  
On my best behavior  
Tryin' all these things to push on through  
Oh  
On my best behavior  
What else on this Earth could I do?

And oh  
On my best behavior  
Tryin' all these things to push on through  
Oh  
On my best behavior  
What else on this Earth could I do?  
To get to you
