### LAUNDRY DAY

Whatcha know about me?  
I been feelin so locked up  
I'm so locked up, damn  
How ya feel about me?  
I don't really care  
But I feel like I care  
And I can't say

Whatcha know about me?  
I been feelin so locked up  
I'm so locked up, damn  
How ya feel about me?  
I don't really care  
But I feel like I care  
And I can't say

Got big dreams, gon miss me  
Takin all these chances  
Hope they listenin  
13 hundred miles for the music and attention  
I don't need to mention:

I feel like takin over  
Don't need no outside closure  
Couped up in my room  
But I'll show ya  
You'll be tellin all your little friends  
I used to know ya

Whatcha know about me?  
I been feelin so locked up  
I'm so locked up, damn  
How ya feel about me?  
I don't really care  
But I feel like I care  
And I can't say

Whatcha know about me?  
I been feelin so locked up  
I'm so locked up, damn  
How ya feel about me?  
I don't really care  
But I feel like I care  
And I can't say

Got big dreams, got big jeans  
I ain't been the same since I was 16  
I ain't even 16  
Used to watch the big screens, wishin I was Andy  
Now:

I feel like catchin feelings, I feel like makin millions  
I feel like I'll forget when the sky so red  
Take a picture real quick  
Take a picture real quick

Whatcha know about me?

I been feelin so locked up  
I'm so locked up, damn  
How ya feel about me?  
I don't really care  
But I feel like I care  
And I can't say

Whatcha know about me?  
I been feelin so locked up  
I'm so locked up, damn  
How ya feel about me?  
I don't really care  
But I feel like I care  
And I can't say

Whatcha know about me?  
I been feelin so locked up  
I'm so locked up, damn  
How ya feel about me?  
I don't really care  
But I feel like I care  
And I can't say

Broken dreams on the edge of the sidewalk  
Wanted more, made a move  
But we just talked  
Feel a way lookin back  
Cold hands and bag's gone  
Hopin for a phone call...
