

## R U READY?

### LAUNDRY DAY

Everybody gather round  
This is how it's going down tonight  
Everybody gather round  
This is how it's going down tonight

R u ready?  
Ready for the time of your life  
R u ready?  
Ready for the time of your life

Damn it's been a long time  
Playin' at the bar all night and  
Packing out every show in my mind and  
Waitin' for the world to find me  
Moved to California  
Hometown was a waste of time  
I'm supposed to make it out here  
First day of my brand new life sayin'

Everybody gather round  
This is how it's going down tonight  
Everybody gather round  
This is how it's going down tonight

R u ready?  
Ready for the time of your life  
R u ready?  
Ready for the time of your life

When everybody knows ya  
Treats ya like a golden child and  
Bowin' atcha ten toes down and  
Feelin' like you made it now yeah  
You're California sober  
Packing up the bowl and grindin'  
Just got off a long ass flight and  
You still feel like you still in the sky yeah

Everybody gather round  
This is how it's going down tonight  
Everybody gather round  
This is how it's going down tonight

R u ready?  
Ready for the time of your life  
R u ready?  
Ready for the time of your life

R u ready?  
Ready for the time of your life  
R u ready?  
Ready for the time of your life

(I'm ready)
