

Work Out

LAUNDRY DAY

Bum 'round on the sidewalk again
Pocket full of change
I've hit my lowest again
Tryna make a change
Don't got no contacts or friends
I'm headin into danger
In a crowd with all these strangers
But I'll save her

Cause I've been all alone
Since I was just a kid
Just a kid, just a kid
But now I run faster than I ever did
Ever did

Cause things gon work out
Things gon work out
If you love where you're at
Then things gon work out
Things gon work out
Things gon work out
If you love where you're at
Things gon work out

I had dreams of doin broadway
Voice dropped
Now I'm doing laundry
My girlfriend called one of my shirts gay
Betchu she'll be missing me now
A shadow of doubt
Hits me in the nighttime
When I waste time
Had to focus on the music stead of FaceTimes
Lately I've been so distracted
Never make time
Never seem to make time

I've been chasing stars like a little kid
Little kid, little kid
But now I see the stars
And I'm so scared of this
Scared of this

Is this gon work out?
Is this gon work out?
Yeah I love where I'm at
Is this gon work out?
Is this gon work out?
Is this gon work out?

Things gon work out
Things gon work out
Things gon work out
Things gon work out

Is this gon work out?
