Goin crazy,  
Hopin that theres a chance that maybe  
Oh baby, you could drop on by

Darlin, you dont have to give me any warnin,  
Make it tonight, make it early mornin,  
Oh darlin, just drop on by,  
I dont have a clue where you might be  
Up town or just down the street in some smokey bar,  
Ohhh im a longin for you cant help myself  
Sendin out my s.o.s, wherever you are,  
Ohhhhhh, honey,  
I just want your love, I dont need your money  
You can turn my gray skies warm and sunny,  
Oh honey, would ya drop on by

Ohh you and this bottle of warm red wine  
Are both workin on my mind, and i need ya now  
To fill this emptienesss in my soul,  
Boy if you were here I'd never let go no way no how,  
Heyyy sugar, (ewww)  
I know if we could get back together (eww)  
We could make this night last foreverrr  
Ohh sugar, would ya drop on by  
Just drop on by
