

# Please

Laura Bell Bundy

One night of weakness, boy, I'm so ashamed  
Believe me when I tell ya it didn't mean a thing  
I couldn't really blame you if you walk right out on me  
I know that second chances, they don't come so easily

Please don't take your love away  
Please, I'm begging you to stay  
I'm down here on my knees, to hell with all my pride  
I'll do anything and everything just to make it right  
Baby, baby, baby, don't leave me, please, please

I'm so afraid you're gonna say that I've run out of time  
And you can't find it in your heart to drive this from your mind  
Is losing you forever just the price I have to pay  
Or boy can you forgive me, forgive me when I say

Please don't take your love away  
Please, I'm begging you to stay  
I'm down here on my knees, to hell with all my pride  
I'll do anything and everything just to make it right  
Baby, baby, baby, don't leave me, please, please

I couldn't really blame you  
If you walked right out on me  
I know that second chances  
They don't come so easily

Please don't take your love away  
Please, I'm begging you to stay  
I'm down here on my knees, to hell with all my pride  
I'll do anything and everything just to make it right  
Baby, baby, baby, don't leave me, please, please

Please, please  
Baby, please
