Laura Marano

Checkmate or checked out  
Heart racing, head down  
Your face and my mouth  
Playing it in my mind

Known you a long time  
Who knew that tonight  
You'd look like you're mine  
Been wanting you all my life

Say hi to you  
Say hi to me  
We act the roles so casually  
Same game we played before  
Same strategy

We hit it off so naturally  
Someone would think we're meant to be  
Moving close to something happening

Cupid's in the air tonight  
But he got an arrow in a gun fight  
Too hard to resist  
But we do anyway

It's stupid that he wants to try  
He got an arrow in a gun fight  
Too hard to resist  
This is how we play

La da da da da da  
La da da da da da da  
Cupid doesn't know us like I do

La da da da da da  
La da da da da da da  
We play this game where no one makes a move

You joke and I laugh  
You know what I'll ask  
Ice cold in a glass  
You know my drink by heart

I write a good line  
I like your replies  
"Goodbye's" a good lie  
The truth is the hardest part

I look at you  
You look at me  
We act the roles so casually (so casually)  
Same game we played before  
Same strategy

You try to guess  
What imma say  
I know because I do the same (do the same)

I wish we weren't set in our ways  
Hey

Cupid's in the air tonight  
But he got an arrow in a gun fight  
Too hard to resist  
But we do anyway

It's stupid that he wants to try  
He got an arrow in a gun fight  
Too hard to resist  
This is how we play

Hey

La da da da da da  
La da da da da da da  
Cupid doesn't know us like I do

La da da da da da  
La da da da da da da  
We play this game where no one makes a move

Damn  
Wish I was your lover  
We both know you feel the same  
But we don't play that way (that way)

La da da da da da  
La da da da da da da  
Cupid's in the air tonight  
Cupid doesn't know us like I do

La da da da da da  
La da da da da da da  
I don't wanna waste my time  
We play this game where no one makes a move

La da da da da da  
La da da da da da da  
We play this game where both of us just lose
