

# Powerless

Laura Marano

Oh God  
I'm lost  
Just when you call my name  
Your touch  
Your clutch  
I'm wasting all my days

And I don't wanna go nowhere without you

My strength  
My pain  
It all revolves around you  
Who knows  
How close  
Until I fall apart, yeah

I don't wanna go nowhere without you

Powerless  
So powerless  
Powerless  
You know, you know, you know

Babe, you got me at your mercy  
It's waking me up, and I can't sleep at night, I swear  
It's bigger than both of our bodies, oh  
So powerless, your power's

Out of control, just look at me  
It's breaking me down, and you can't leave my mind, I swear  
It's bigger than both of our bodies, oh  
So powerless, I'm powerless with you

Oh God  
I'm gone  
Soon as I kiss your face  
Undone  
Your love  
Leaves such a bitter aftertaste

And I feel like I can't breathe  
Rip your heart off of my sleeve  
You're a nightmare  
I wish was just a dream

Powerless  
So powerless  
Powerless  
You know, you know, you know

Babe, you got me at your mercy  
It's waking me up, and I can't sleep at night, I swear  
It's bigger than both of our bodies, oh  
So powerless, your power's (so powerless, your power's out of control)

Out of control, just look at me (look at me baby)  
It's breaking me down, and you can't leave my mind, I swear

It's bigger than both of our bodies, oh (bigger than you, bigger than me baby)  
e)

So powerless, I'm powerless with you (less with you)

When I look at you, I give myself away  
What a rush, what a thrill  
Overdose till it kills me

And I hate the way I just need you to stay  
How I love the way  
You numb the pain

Powerless  
(Powerless)  
So powerless  
Powerless  
You know, you know, you know

Babe, you got me at your mercy (babe you got me at your mercy)  
It's waking me up, and I can't sleep at night, I swear  
It's bigger than both of our bodies, oh  
So powerless, your power's

Out of control, just look at me (babe you got me at your mercy)  
It's breaking me down, and you can't leave my mind, I swear  
It's bigger than both of our bodies, oh (bigger than you, bigger than me)  
So powerless, I'm powerless with you
