

Unending

Laura Marie

Lay down your arms
They brace your heart
Lay down your life and living starts
You're still the same, still the same...Unending

Tear down the walls your heart in hand
Tear off your clothes
They're not the man
You're still the same, still the same...Unending

Maybe there's yes inside of every no
Maybe there's stop and go
inside your soul
but I've got a plan, I've got a plan

Take up your fears and follow me
Take on this world, you're meant to be
You're still the same, still the same...Unending

Maybe there's yes inside of every no
Maybe there's stop and go
inside your soul
but I've got a plan, I've got a plan
