

## When Dawn Kindly Comes

Laura Marie

It's a long night  
Hard to be sitting under starlight  
Missing the moon because sometimes  
The moon can just leave you alone  
It's a hard loss  
Like losing your bets in a coin toss  
If the only thing certain is love lost  
And everything else is unknown

Take me home  
I don't want to be here too long  
Not when the world can go wrong  
So, wake me when dawn kindly comes

It's a long night  
Hard to believe that it's worldwide  
Taking our turns on the downslide  
And we still have miles to go  
Is it bad luck  
To stop on a dime when you're moonstruck  
If a shot in the dark can find true love  
Then, how the hell would you know  
Take me home  
I don't want to be here too long  
Not when the world can go wrong  
So, wake me when dawn kindly comes

If the stars can make it here  
If the stars can make it, maybe I can make it, if the stars can  
make it here
