

Red

Laura Welsh

Some nights when I'm lying there by your side
You go ignite a fire in my mind
It's funny how you can't see my sight
Undress, I don't wanna hide in darkness
Wake up in a state of madness
We could be the greatest

I don't wanna be your enemy
Sleeping in the same bed
I don't wanna be your enemy
I don't wanna see red, red
If only you could feel my love,
If only you could feel my love,
If only you could feel my love, my love

Head strong, it's simple but we let it go wrong
Fuck it, I'm only human
You're holding it against me
No rest, words arrive aligned in senseless
We're running out of time to face this
But we could be the greatest
We could be the greatest

I don't wanna be your enemy
Sleeping in the same bed
I don't wanna be your enemy
I don't wanna see red, red
If only you could feel my love,
If only you could feel my love,
If only you could feel my love, my love

I let you in, let you in, let you in when your [?] die
I let you in, let you in, let you in, throw the fire

If only you could feel my love,
If only you could feel my love,
If only you could feel my love, my love
