

45 Degrees

Laurel

Riptide
All my life
You're all that I want
Lolo, I know that you know that I know
I'm dead sure with forever to go

Fast food for breakfast, oh
Kissing in cars on the coast and
God damn it's heaven, oh
I'll do whatever you want

Lovesick, hey, I'm hypnotised
I got it bad, babe, I'm on the borderline
Of crazy, got me hot like it's 45 degrees
Now I chase you like a summer breeze
And I'm in a dream
And I need you next to me
Lolo, you're all I need
Chase you like a summer breeze

Tongue-tied
Your blue eyes give me vertigo
Lolo, you're turning me loco
I follow you wherever you go

Music for sunsets, oh
Red wine in the château
And I got no regrets, oh
I'll do whatever you want

Lovesick, hey, I'm hypnotised
I got it bad, babe, I'm on the borderline
Of crazy, got me hot like it's 45 degrees
Now I chase you like a summer breeze
And I'm in a dream
And I need you next to me
Lolo, you're all I need
Chase you like a summer breeze

We fall in the water
Young hearts for each other
And I live in the summer with you

Lovesick, hey, I'm hypnotised
I got it bad, babe, I'm on the borderline
Of crazy, got me hot like it's 45 degrees
Now I chase you like a summer breeze
And I'm in a dream
And I need you next to me
Lolo, you're all I need
Chase you like a summer breeze
