# Come Together

**Laurel**

I'm a maker of rituals,
I'm gonna swallow you up and eat you whole
I'm that second you can't let go,
We'll come together as we'll melt and mold

Uuh uh, come together come together,
Do I come to mind?
Uuh uh, come together come together,
Don't leave me behind!

Pick up me, I'll make it easy
Gotta keep the peace

I'm the maker of the physical,
Feed off the stomach and the human soul,
I'm your waste of time,
But we gotta go home!

Uuh uh, come together come together,
Do I come to mind?
Uuh uh, come together come together,
Don't leave me behind!

Pick up me, I'll make it easy
Gotta keep the peace
Pick up me, I'll make it easy
Gotta keep the peace
Pick up me, I'll make it easy
Gotta keep the peace

Uuh uh, come together come together,
Do I come to mind?
Uuh uh, come together come together,
Don't leave me behind!

Pick up me, I'll make it easy
Gotta keep the peace
Pick up me, I'll make it easy
Gotta keep the peace
