

Coming Back For More

Laurel

Lullaby, lightning, you make me feel things
Sleep tight while riding on the ocean
Night drive, cool baby, it's the right time
Run away with you, could be my lifeline

Ooh, I hardly know you, but it's true
You get me going like

Oh (Ah, ah)
You keep me coming back for more (Ah, ah)
Just like nobody else before
Ooh baby, ooh baby, more
You keep me coming back for more

Heavenly heartbeat
Just like a satellite
Calling to me
I gotta make you mine
White lights, fast cars
Jump off the edge 'cause
Nothing compares to the adrenaline

Ooh, I hardly know you, but it's true
You get me going like

Oh (Ah, ah)
You keep me coming back for more (Ah, ah)
Just like nobody else before
Ooh baby, ooh baby, more
You keep me coming back for more

Oh (Ah, ah)
You keep me coming back for more (Ah, ah)
Just like nobody else before
Ooh baby, ooh baby, more
You keep me coming back for more

So every day I'm at your door
Say the words and I'll be your-yours now
Your-yours now

Oh (Ah, ah)
You keep me coming back for more (Ah, ah)
Just like nobody else before
Ooh baby, ooh baby, more
You keep me coming back for more

Oh (Ah, ah)
You keep me coming back for more (Ah, ah)
Just like nobody else before
Ooh baby, ooh baby, more
You keep me coming back for more
