

## Empty Kisses

Laurel

Wake me up with your bedroom eyes  
You're the one I've been loving  
I've been a shoulder to you  
We've been trying not to touch it

Why didn't I?  
See all those empty kisses that you gave, weren't mine  
Why didn't I?  
Believe when your friends told me you weren't the kind of person I should love

Empty kisses for free  
Why don't you want me, want me?  
We keep staying together  
Don't think I can do this forever, darling  
Give me your candy coated love  
Give me your candy coated love

Pull me into your toxic dreams  
All this talk of being healthy  
I stand up 'till we start to fight  
All I'm tryna say is that it don't feel right

Why didn't I?  
See all those empty kisses that you gave, weren't mine  
Why didn't I?  
Believe when your friends told me you weren't the kind of person I should love

Empty kisses for free  
Why don't you want me, want me?  
We keep staying together  
Don't think I can do this forever, darling  
Give me your candy coated love  
Give me your candy coated love

You only love me sometimes  
You only love me sometimes

Empty kisses for free  
Why don't you want me, want me?  
We keep staying together  
Don't think I can do this forever, darling  
Give me your candy coated love

Hmm, hmm  
Hmm, hmm  
Give me your candy coated love
