

Hold Tight

Laurel

Pray who stare and fingers on my face yeah
When do you know it cause I've known
Put walls since I lied down beside you
And oh the dream that you do exactly what I'd need

Hold tight, yeah, hold on to me
Hold tight as you run through the seasons
Cause I'll give you the rest of my love
Hold tight, I'll give you the best of my love
Ooh ooh ooh, slow me down
Ooh ooh ooh, come slow me down

Staying up late and I can't seem to wait for when
You're around again and on the phone
I'm alive with the thought of you beside me and
Oh though it seems that you know exactly what I'd need

Hold tight, yeah, hold on to me
Hold tight as you run through the seasons
Cause I'll give you the rest of my love
Hold tight, I'll give you the best of my love
Ooh ooh ooh, slow me down
Ooh ooh ooh, come slow me down

Tasted, you like me bittersweet
So maybe you are the one for me
I saw before the part that you like being in control
'Cause I've been thinking, maybe I'd let you have it all
And I wanna know, is this a way of being
Just a fleeting feeling inside

Cause I'll give you the rest of my love
Hold tight, I'll give you the best of my love
Ooh ooh ooh, slow me down
Ooh ooh ooh, come slow me down
