

# Lovesick

Laurel

Give up in the morning  
Give up when we're sober and undressed  
And I keep thinking you'll be calling me  
But nothing that you say could impress me now

Darling I hate to see you  
Hesitate to give it all up  
Call me up and try again  
Give me what I needed then

You'd be a love song  
Baby I'm lovesick  
Take me to heaven  
Now I fall at the thought of you  
You'd be a love song  
Baby I'm lovesick  
Tasted the devil  
Now I can't be apart from you

Give up in the evening  
Give up when we're lonely and unkind  
I keep thinking you'll be dreaming  
Of me when you're sleeping at night

Darling I hate to see you  
Hesitate to give it all up  
Call me up and try again  
Give me what I needed then

You'd be a love song  
Baby I'm lovesick  
Take me to heaven  
Now I fall at the thought of you  
You'd be a love song  
Baby I'm lovesick  
Tasted the devil  
Now I can't be apart from you

Fall down low  
Here I thought that you'd let me go and  
How's it feel to be over me  
How's it feel to be living free at night  
So hold me down  
When I'm sleeping  
Cause I'm dreaming of you  
When I loved you

You'd be a love song  
Baby I'm lovesick  
Take me to heaven  
Now I fall at the thought of you  
You'd be a love song  
Baby I'm lovesick  
Tasted the devil  
Now I can't be apart from you
