

# Obsessed

Laurel

Come on like a heatwave  
I give up, I'm giving in and you know  
Caught me like a fever  
Hold me while you're burning like the sun

I'm obsessed tonight  
I'm a mess  
But you like it best when I don't try  
I'm obsessed for the first time

Play me like a fool, babe  
Hate it when you're teasing me  
Running through my head  
Stay with me with me when I'm tryna go to sleep

I'm obsessed tonight  
I'm a mess  
But you like it best when I don't try  
I'm obsessed for the first time

Obsessed (Oh)  
And my heart is pounding  
You get undressed (Oh)  
When did the room start melting

Limbo state  
Limbo cherry  
You're no righteous, babe  
All my weaknesses, I hesitate  
Limbo cherry  
You're no righteous, babe  
Oh, oh

I'm obsessed tonight  
I'm a mess  
(Oh when my body's telling me)  
But you like it best when I don't try  
I'm obsessed for the first time

I'm obsessed tonight  
I'm a mess  
But you like it best when I don't try  
I'm obsessed for the first time
