

# When You're Walking Away

Laurel

Walk away, naked in the floodlights  
Want to stay?  
Had enough of giving me all your heart

It's like you said on the phone, I'm playing with you  
By the time we get home, I'm staying  
'Cause it's alright (it's alright) guess it's fine (it's fine)  
Just a notion (notion) in my mind  
(Two, three, four)

Of all these kisses, tricks and games  
I need a holiday  
Running to a hurricane (two, three, four)  
Don't you like it?  
Turn away to prove I'm wrong  
Honey, we're only young  
Passion is the principle (two, three, four)  
Don't you like it?

Here you are, back of the car, beating heart  
(Always look like you got something to say)  
In my dreams, stuck in-between, so it seems  
(Only want you when you're walking away)

Keep me up, running in the sunrise  
The end of the day  
I'm alone, start to wonder where you are

I try letting it go but it's fucking with me  
Call you, baby, come home  
It's nothing but a fight (fight) guess you're right (right)  
Just a notion (notion) in my mind  
(Two, three, four)

Of all these kisses, tricks and games  
I need a holiday  
Running to a hurricane (two, three, four)  
Don't you like it?  
Turn away to prove I'm wrong  
Honey, we're only young  
Passion is the principle (two, three, four)  
Don't you like it?

Here you are, back of the car, beating heart  
(Always look like you got something to say)  
In my dreams, stuck in-between, so it seems  
(Only want you when you're walking away)  
Seeing red, it's something I said, on the edge  
(Always look like you got something to say)  
When I know you're letting me go with the flow  
(Only want you when you're walking away)

Say you never, say you never cross the path  
When we've been fighting there  
Is it for real? Is it forever?  
Is the time that you are mine, yeah yeah  
You are mine, you are mine

You are mine, you are mine  
You are mine, you are mine  
You are mine, you are mine

Here you are, back of the car, beating heart  
(Always look like you got something to say)  
In my dreams, stuck in-between, so it seems  
(Only want you when you're walking away)  
Seeing red, it's something I said, on the edge  
(Always look like you got something to say)  
When I know you're letting me go with the flow  
(Only want you when you're walking away)
