

You're the One

Laurel

Call you late at night
Call you late at night
Don't know what to say
(Wanna runaway, way, way, way, yeah)

Call me when you're high
Call me when you're high
You know how to play
(Just the other day, day, day, day, yeah)

I don't, always get, always get thrown
Words lost in the air I mumble hello
Too drunk on my way
I don't know how to hide it
It's always the same

And we're only dancing
We're only swaying
Then I'm only saying
That you're the one now
(You're the one, ah, ah)
I don't if you heard me right
It keeps me up at night
Baby you're the one now
(You're the one, ah, ah)
I don't if you heard me right
It keeps me up at night

Standing in the dark
You're really really hot
Think I'm suffering
(Suffering, yeah)
Under Cali skies
You could hypnotise
It's already happening
(Happening, yeah)

I don't always get, always get home
Caught up in my head
I stumble to yours
Teardrops in my hands
I don't know how to hide them
It's always the same

And we're only playing
I'm only falling
So drunk I'm saying
That you're the one now
(You're the one, ah, ah)
I don't if you heard me right
It keeps me up at night
Baby you're the one now
(You're the one, ah, ah)
I don't if you heard me right
It keeps me up at night

Maybe you don't wanna hear it

Or maybe I gotta speak up
Don't wanna wait until I'm sober
So I scream
(That you're the one)
Maybe you don't wanna hear it
Or maybe I gotta speak up
Don't wanna wait until I'm sober
So I scream

That you're the one now
(You're the one, ah, ah)
I don't if you heard me right
It keeps me up at night
Baby you're the one now
(You're the one, ah, ah)
I don't if you heard me right
It keeps me up at night
