

## 8am

Lauren Cimorelli

It's not even 8am  
But I'm already breaking  
Sitting here on the beach with my car keys  
Maybe I'll go get some coffee  
No...  
I forgot to bring money  
How is it I can forget my wallet  
But I still can't forget you  
They say that time can heal  
But it's been almost two years

And I...  
I know it's just ridiculous  
To think that things could change

And I just wanna find someone new  
But I don't know how to  
No, I don't know how to  
And I hate being so powerless to you  
But I can't help it when I'm around you  
No, I can't help it when I'm around you

And you're gonna go to school in Santa Barbara  
But I'll still be here in Malibu  
And you'll probably find yourself a new girl there  
Cause who wouldn't fall in love with you

And I...  
I know that it's just stupid  
To think that things could change

And I just wanna find someone new  
But I don't know where to  
No, I don't know where to  
And I hate feeling like there's nothing I can do  
Cause you know that I miss you  
And I just wanna see you

I don't wanna go back to my house  
I wanna go to yours  
I wanna knock on your door  
And maybe you'll see something in me that you didn't see before  
Tell me do I still cross your mind  
Do you think I'm worth the time  
Did you feel alone when you let me go  
Do you even know that you're breaking my heart  
You're breaking my heart

I just wanted to be wanted  
Is that so bad

And I just wanna find someone new  
But I don't know how to  
No, I don't know how to  
And I hate feeling like there's nothing I can do  
I just wanna see you is it too much to ask to just see you  
Oh...

And I know it's stupid of me to reminisce  
But you know that you could never really forget me  
But it's too late now  
You've moved on now  
It's over now

And I know it's stupid of me to reminisce  
But you know that you could never really forget me  
But it's too late now  
You've moved on now  
It's over now
