

# Love Gone Wrong

Lauren Hoffman

Sleepwalking  
I'm running  
On automatic  
Like Prozac-girl  
Indifferent  
Nothing much matters

What is this clinging  
To images sacred  
No longer making love  
Just getting naked

Why am I still holding on  
To a love gone wrong  
Why am I still holding on  
To a love gone wrong

As if it's all in you

Hand to hold  
Raison d'être  
Romantic notion  
Like beautiful  
Swimming in love  
Like an ocean

What is this clinging  
To images sacred  
No longer making love  
Just getting naked

Why am I still holding on  
To a love gone wrong  
Why am I still holding on  
To a love gone wrong

Why am I still holding on  
To a love gone wrong  
Why am I still holding on  
To a love gone wrong

As if it's all in you

I've got to crawl out of this whole  
I've got to crawl out of this whole  
I've got to crawl out of this whole

What is love  
I want to feel something real  
Like a car crash  
When I land  
I will be shaken  
Awakened to Now  
Like a flash  
In a dream of the waking world

Why am I still holding on

To a love gone wrong  
Why am I still holding on  
To a love gone wrong

Why am I still holding on  
To a love gone wrong  
Why am I still holding on  
To a love gone wrong

Why am I still holding on
