2021

We could have some fun, maybe we could run  
Or I could be the one  
Baby, you're the one  
Think it's time to go hard for your loving  
Baby, I love you  
I don't want no one else but you  
Ooohh

Baby, I love you  
I don't want no one else but you

Do you want to fall in love?  
We don't gotta make it so hard  
I don't mean to act so cold  
It's just an excuse to let you go  
You're just staring at the window  
I just want to kiss you from the driver's seat  
Baby, you're invaluable to me  
I know sometimes I don't show it  
But I know we'll get through it

I know who you really are  
Baby, I'll give you it all  
If I could do something just to prove to you  
I'm still good for you  
If you don't leave me, don't leave me

Never on time but I'm always there when you call  
Stay on my mind through summer, winter, spring and fall  
I don't ever wanna make you feel like you're a maybe, baby
