

Believed

Lauv

Midtown, almost got a place out in Midtown
Instead I took a plane out of this town
And missed out on us
Wasted, and all of my regret, I can taste it
If I had a time machine I would take it
And make it back to us

Now I'm reminiscing 'round the clock
Wish that I could make it stop
Didn't know it then but now I know
All this time, I, I

Shoulda believed in us
While we existed
'Cause now the whole thing's fucked
And just a figment of my imagination
If I could bring it back I would
But it's just way too late for that
Shoulda believed in us
Shoulda believed in us, oh, oh, whoa

And I wish I would've been patient
Instead I let in all the emotions
Turn to motions with you

'Cause now I'm reminiscing 'round the clock
Wish that I could make it stop
Didn't know it then but now I know
All this time, I

Shoulda believed in us
While we existed
'Cause now the whole thing's fucked
And just a figment of my imagination
If I could bring it back I would
But it's just way too late for that
Shoulda believed in us
Shoulda believed in us, oh, oh, whoa

Shoulda believed in us
Shoulda believed in us, oh, oh, whoa

If I could bring you back I would
But it's just way too late for that
Shoulda believed in
If I could bring you back I would
But it's just way too late for that

Shoulda believed in us
While we existed
'Cause now the whole thing's fucked
And just a figment of my imagination
If I could bring you back I would
But it's just way too late for that
Shoulda believed in us
Shoulda believed in us, oh, oh, whoa
