

Chasing Fire

Lauv

I wanna hate you cause I still love you
And it's weighing on my chest
We keep our bodies tied together
To ignore what's coming next

I was driving you home in the middle of the night
But I couldn't bring myself to say goodbye
I was driving you home in the middle of the night
And there's no good way, yeah there's no good way

I'm chasing fire when I'm running after you, you
You got that something that I never want to lose, lose, yeah
It's like dancing when the song's already over
Moving without getting any closer, oh
I'm chasing fire when I'm running after you

I wanna feel you, really feel you
Not just hold you close at night
We keep our bodies tied together
To ignore what's on our minds

I was driving you home in the middle of the night
But I couldn't bring myself to say goodbye
I was driving you home in the middle of the night
And there's no good way, yeah there's no good way

I'm chasing fire when I'm running after you, you
You got that something that I never want to lose, lose, yeah
It's like dancing when the song's already over
Moving without getting any closer, oh
I'm chasing fire when I'm running after you

Keep chasing fire
No other way
No other way
Keep chasing fire
No other way
No other way

I was driving you home in the middle of the night
But I couldn't bring myself to say goodbye
I was driving you home
Even if I go, even if I stay

I'm chasing fire when I am running after you, you
You got that something that I never want to lose, lose, yeah
It's like dancing when the song's already over
Moving without getting any closer, oh
I'm chasing fire when I am running after you

Keep chasing fire
No other way
No other way
Keep chasing fire
No other way
No other way
