

## Question

Lauv

It's not me you're really mad at  
I see it in your eyes  
She's always had you pissed off  
And you hold it deep inside  
I'm telling you to let go, let go  
You told me give you a chance  
To feel the way you feel, but so you know  
Even if I don't quite understand

Baby I'll stand  
Even if I'm blind, I'll pay no mind  
Baby I'll stand  
Even when you drive me half, you drive me half insane  
If you promise that and then it's not in vain  
If you'll always do the same for me

I won't question, question it

You think I'm oblivious  
Maybe that's true  
I don't notice  
My heart is too focused  
On trying to do right by you, by you, by you  
I can't control the actions, actions  
Of somebody else  
Don't give them satisfaction, no  
Just leave them on the shelf, oh baby

You know I'll stand  
Even if I'm blind, I'll pay no mind

Even when you drive me half, you drive me half insane  
If you promise that and then it's not in vain

Why do LA girls always have this attitude from out of nowhere?  
Turning nothing into something ooh girl please don't go there  
I even changed my number, I don't know how they're still calling  
Just come back to bed, I'll fix all this shit in the morning  
It's nothing I can't handle, don't wanna waste these candles  
As soon as we get done another one like Khaled's sandals  
First thing I'll do is make sure you won't ever second guess it  
You know I love you, that ain't a question
