Back To Life

Lawson

I don't want to be that guy
Who put the hurt into your eyes
I don't know who I used to be
I don't know him
Don't know him.

Staring into danger
Losing all control
Travelling through the darkness
Waiting for the world
Running from my demons
Falling through the floor
Every time I think I'm gonna die
You bring me back to life
Back to life
Back to life
You bring me back to life
Back to life
Back to life.

I don't want to be afraid
Breaking hearts is not ok
I've lost all sense of reality
I don't know him
Don't know me.

Staring into danger
Losing all control
Travelling through the darkness
Waiting for the world
Running from my demons
Falling through the floor
Every time I think I'm gonna die
You bring me back to life
Back to life
Back to life
You bring me back to life
Back to life
Back to life.

Oh you bring me back to life
Oh no.

I don't want to be that guy
Who put the hurt into your eyes
I don't know who I used to be
I don't know him
Don't know him.

Staring into danger
Losing all control
Travelling through the darkness
Waiting for the world
Running from my demons
Falling through the floor
Every time I think I'm gonna die
You bring me back to life

```
Back to life
Back to life
You bring me back to life
Back to life
Back to life.

You bring me back to life
Back to life
Back to life.
You bring me back to life
Back to life
Back to life.

You bring me back to life
You bring me back to life
Oh yeah.
```
