

Blind

Lawson

Now that the night is dying
Down and I have had too much
I know it's time for me
To leave all my friends to drink and
Smoke and dance until the morning
I know it's not right for me to
Stay here

And then you walked into the room
And I'm blind to everybody but you
And then you spoke and said my name
Now I'm blind to everybody but you
I'm blind to everybody but you

So shall we find somewhere that's
Quiet to talk, I need to know
Everything about you
And what makes you laugh and tick
And cry and smile, I need to know
Everything about you
Now

And since you walked into the room
Now I'm blind to everybody but you
And since you spoke and said my name
Now I'm blind to everybody but you
I'm blind to everybody but

There's no turning back
There's no looking back
I know that I want you
There's no turning back
There's no looking back
I know that I want you

I'm blind to everybody but you
I'm blind to everybody but
I'm blind to everybody but you

I'm blind to everybody but you
I'm blind to everybody but
