

Fall Apart

Lawson

Every night
I watch you hit the wall
I see you stole, you fall
I can't look anymore

Every night
I watch you crashing hard
Won't let me heal your scars
I don't know who you are

You and I were friends forever
You and I were always better
But you've never talked to me like that

I can't help you now
You dragged me down
And broke my heart
Oh, this has to stop
Girl, I can't watch you fall apart
Fall apart
Fall apart

Now and then
I try to fight the war
But you start taking things
You've never took before

Now and then
Tried to forget the past
Glue back this broken glass
There's no turning back

You and I were friends forever
You and I were always better
But you've never talked to me like that

I can't help you now
You dragged me down
And broke my heart
Oh, this has to stop
Girl, I can't watch you fall apart
Fall apart
Fall apart
