

Four Letters

Lawson

I've been down this road before
The minute that we get closer
I get colder
Got an angel in my sight
But it's these demons deep inside
They can't hold ya

And all my friends keep on wondering why
I haven't tried
I ask myself that question over again
It's like your love keeps on counting down
Am I running out?
Wish my heart could talk
But its all in my head

If I had 5 more words I'd say I wish you were mine
But it's these four letters that hold me back every time
It might take 3 more drinks I'll tell you what's on my mind
But if I'm too late my heart breaks for this one thing
You and I

I know you'd take my stubborn heart
And you would you heal all of these scars
If I let you in
If I keep on holding back
You'd be the best I never had
And that haunts me

And all your friends keep on wondering why
I haven't tried
I ask myself that question over again
I know your love keeps on counting down
Am I running out?
Wish my heart could talk
But its all in my head

If I had 5 more words I'd say I wish you were mine
But it's these four letters that hold me back every time
It might take 3 more drinks I'll tell you what's on my mind
But if I'm too late my heart breaks for this one thing
You and I

Your eyes, your look
Your skin, your love
It gets too much
And I don't know if I'll be good enough
Your eyes, your look
Your skin, your love
It gets too much
And I don't know if I'll be good enough

5 more words I'd say I wish you were mine
But it's these four letters that hold me back every time
It might take 3 more drinks I'll tell you what's on my mind
But if I'm too late my heart breaks for this one thing
You and I
