

I Look Anyway

Lawson

I was walking down a long road
Lighted by the street lights
Drinking with the wrong girls
Acting like a monster
Staying out all night

I was fighting all the wrong walls
Reading all the wrong signs
Travel back through your front doors
I know it's the long way
Hoping that see you light

Now all I want is you
But the one thing I can't have is you

Now you've left for someone new
I miss the boat and I lost you
And there is nothing I can do

There are no words to explain
To search a picture of your face
I know it causes so much pain

I look anyway
I look anyway

I just can't look away
though it causes so much pain

I look anyway

Keeping putting on my heart change
It kill my only inside
Even know what's my choice
I just gone though un
How can't I look away

Now all I want is you
But the one thing I can't have is you

Now you've left for someone new
I miss the boat and I lost you
And there is nothing I can do

There are no words to explain
To search a picture of your face
I know it causes so much pain

I look anyway
I look anyway

I just can't look away
yeah
though it causes so much pain

I look anyway

I want you so bad but I can't go back
I can't go back to the things we had
I want you so bad but I can't go back
I can't go back to the things we had

Now you've left for someone new
I miss the boat and I lost you
And there is nothing I can do

There are no words to explain
To search a picture of your face
I know it causes so much pain

I look anyway
I look anyway

I just can't look away
I say you'll never look again
though it causes so much pain

I look anyway

I want you so bad but I can't go back
I can't go back to the things we had
I want you so bad but I can't go back
I can't go back to the things we had
