

Lovers

Lawson

If we could leave it all behind
Tell me where we'd go
Coz anywhere with you feels right
As long as we're alone

I see where I'm going girl
Looking in your eyes
We don't need cheap alcohol
To get us through tonight

Your hand in my hand
We won't change our minds

Ask me
I'll say
That we should run away
What if we were lovers
Oh oh oh
To Paris
Or LA
Don't wanna hesitate
Someday we'll be lovers
What if we were lovers...
What if we lovers...

We'd go down like legends, girl
When they say our names
Waking up in an old motel
Off the PCH

Your hand in my hand
Asleep side by side

Ask me
I'll say
That we should run away
What if we were lovers
Oh oh oh
To Paris
Or LA
Don't wanna hesitate
Someday we'll be lovers
What if we were lovers...
What if we lovers...

Wrapped up in sheets
Sun shining in
Stayin' up til 3
And sleeping in til 10

Wait 50 years
And ask me then
And I'd tell you
I'd do it all again

Ask me
I'll say

That we should run away
What if we were lovers
Oh oh oh
To Paris
Or LA
Don't wanna hesitate
Someday we'll be lovers
What if we were lovers...
What if we lovers...
What if we lovers
