Parachute

Lawson

Parachute, parachute.

I was so high up in the sky
Like the sun behind the clouds
In the engines of the almighty
A blind man on the bow
Come take me back up in your open arms where I belong
So high up in the sky
When I found my wings were gone.

Parachute, parachute.

If I had a parachute, I wouldn't fall so hard like I did for yo
u
If my heart was bulletproof, I wouldn't bleed so much like I do
 for you
Woahh, I wish I had a parachute [x2]

Wake me up with an army
I'm under your command
If your coming to save me
Then take me by the hand
Rescue me my love from the broken man that I've become
Wake me up with an army, cause your the only one

Parachute, parachute.

If I had a parachute, I wouldn't fall so hard like I did for yo
u
If my heart was bulletproof, I wouldn't bleed so much like I do
 for you
Woahh, I wish I had a parachute [x2]

Oh, wish I had a parachute

If I had a parachute, I wouldn't fall so hard like I did for yo
u
If my heart was bulletproof, I wouldn't bleed so much like I do
 for you
Woahh, I wish I had parachute [x2]
