Touch

Lawson

I think you could help me
Get back to the world
I'm spinning out of control
Help me
I'm drifting alone
I'm sinking
I need you to hold
I'd do anything to hear you say
That you're gonna take the pain away
I just need you back in my arms.

So I, I try
I'd do my best to reach you
Cause I'm drowning in this flood.
Tonight, I cry
Cause my world has gone to pieces
And I can't get close enough
To touch.

Save me
I'm losing myself
I'm falling
I need nobody else
I'm swimming in against the tide
I'm trying to save my life
Just get me back to your heart.

Cause I, I try
I'd do my best to reach you
Cause I'm drowning in this flood.
Tonight, I cry
Cause my world has gone to pieces
And I can't get close enough
To touch.

Yeah.
This time the world is washing over me
Can't breathe in
I'm choking
Can't wait forever, need you desperately
Say you'll never let go.

So I, I try
I'd do my best to reach you
Cause I'm drowning in this flood.
Tonight, I cry
Cause my world has gone to pieces
And I can't get close enough
To touch, whoa whoa
To touch, whoa whoa
To touch.
